2014

Feifan Zhou

Cofounder + CEO @Tunetap

Essence

Great things come from a combination of vision and enthusiasm. I'm driven to create solutions to the problems that people confront everyday, everything that adds friction and gets in the way of life. When we do that, people become more creative and do great things.

Education

2012–2016 (exp) **Cornell University**
Bachelor of Science, Computer Science
Dyson Business Minor

Software

Adobe Illustrator
Adobe Photoshop
Final Cut Pro X
Motion 5
Sublime Text
Xcode

Experience

Curr **Cofounder + CEO, Tunetap**
tunetap.com

Tunetap helps musicians and venues pre-sell tickets to reduce risk and predict demand before committing to a show. Tunetap is part of nepTune Technologies, liberating human creativity by making life easier. As cofounder, I try to understand every member of our team to develop them personally and as part of the company. I also design and develop our product.

Past **Technical Director + Lead Designer, ArtZoco**
artzoco.com

ArtZoco brought peer-to-peer e-commerce to the developing world. As tech director, I built our web platform and custom lightweight backend framework, managed our developers and kept the live site running. As lead designer, I designed the UX for the site to work across cultures and technologies.

Past **iOS Developer , *Splat Laser***
splatlaser.com

Splat brings videos games to the real world through hardware that plugs into smartphones. I built and overhauled the login and networking capabilities in the first iOS app, a mobile–tech driven version of laser tag.

Past **Web developer, misc.**
I built websites for various companies, teams and individuals using PHP, Wordpress, and Ruby on Rails.

Curr **Mobile applications consultant, misc.**
I'm the author of cupsofcocoa.com, a blog featuring tutorials on iOS development with very satisfied readers. I help small companies and individuals design mobile UIs and build iOS applications. I've also built some apps on a per-project or per-hour basis.
